PITTSBURGH TRACTION PROBLEM
 TO HON WILLIAM A. MAGEE
 MAYOR OF PITTSBURGH

MAP OF ALL STREET RAILWAY LINES IN PITTSBURGH AND VICINITY.

This trackage comprises all the lines of the Pittsburgh Railways Company and underlying companies, whether owned, leased or operated, also those of the foreign companies operating in the District. Tracks radiate in all directions from the business center at the Point, the irregularity of the lines being due to the difficult topography. The Pittsburgh Railways system comprises 279.67 miles single track inside City limits. 241.67 miles in suburban districts. 59.66 miles interurban track or a total of 581.00 miles.
