(3) John Meyer et al to C.B.&T.RR.Co.
Mar. 23, 1892 W.D. $1098.00
Vol. 518 Page 53
Grantee agrees that the road bed will be constructed of earth or cinders, for the full width but no higher than 4' above the present grade of the land. Grantors reserve the right to dedicate 2 streets not to exceed 60' in width across the right of way with the right to lay sewers, water mains, gas mains in said street upon giving 10 days notice. Grantees agree to properly plank and maintain said street crossings full width. Also to erect and maintain fences and place guards at said crossings. Grantors to have the right to connect with the tracks of the grantee for the use on the adjoining property.

(4) W.T. Crawford and James Parmelee to C.B.&T.R.R.Co.
Mar. 23, 1892 W.D. $4330.00
Vol. 590 Page 118
Land to be used for railroad purposes. Grantee shall perform all things specified in Ordinance #2076 dated Nov. 2, 1891. Grantors reserve the right to cross the tracks at the grantee at any place selected with a single track railroad at grade, in case only street crossing is opened. If two street crossings are made the R.R. crossing shall be at one of the streets. Other reservations same as in deed #3.

(4L) The State Board of Public Works with C.B.L.RR.Co.
Jan. 15, 1891 Agreement
Grants RR. Co. right to build and maintain two overhead bridges across the Cuyahoga River. Bridges to be constructed and maintained under the direction of the Chief Engineer of Public Works of Ohio. The spans to be equal in length to width of channel. If at any time the navigation of the river is extended above either of the bridges, RR.Co. at its own cost shall change the bridges from a fixed to a movable swing or draw span. Length to be determined by the demands of navigation.
